COMMISSIONER'S LETTER

Our Pillars of Excellence

HENRY COUNTY RESIDENTS:

Here at Henry County Health Department, we are committed to improving the quality of life of residents of Henry County and northwest Ohio through health promotion, health education, and disease prevention. We are proud of our long history of dedicated public service, and continue to strive to better serve our residents and improve the health of the county.

We believe that you deserve to have the best health department in the entire state. We strive for excellence in five key areas- People, Service, Quality, Growth, and Finance- which we call our Pillars of Excellence.

Our 2014 goals and accomplishments are outlined for you in this annual report. I'd like to highlight some of these achievements:

- ✓ We received a \$100,000 Local Government Innovation Fund grant to work with Defiance, Fulton, Paulding, Putnam, and Williams Counties' Health Departments to increase shared public health services in northwest Ohio.
- ✓ We partnered with Henry County Medical Reserve Corps to conduct a full-scale, all-staff Zombie Apocalypse exercise at Holgate Local Schools. This tested our ability to provide residents with the information and medication needed in the event of a widespread outbreak.
- ✓ We continued our efforts to effectively use technology by adopting electronic timesheets, moving to a cloud-based policy management system, converting from paper to electronic health records, and upgrading from outdated to more robust environmental health software.
- ✓ The Board of Health proactively adopted a Tobacco-Free Workplace Policy that addresses e-cigarettes, which few agencies have done.
- ✓ We conducted focus groups to identify barriers and gaps in local health care services and released the results of four assessments that make up our comprehensive Community Health Assessment. These results are being used to update our county's Community Health Improvement Plan (to be completed by mid-2015).
- ✓ We made significant progress toward achieving national public health accreditation by identifying multiple documents that show how we meet these national standards. When we submit our documents in February 2015, we will be one of about 300 local health departments in the nation to reach this milestone!

Our vision is to be a public health leader that embraces excellence and collaboration to optimize the health of residents of Henry County and northwest Ohio. We believe you deserve nothing less for your investment in us. Thank you for partnering with us to improve our county's health!

Anne Goon, MS, RD, LD
Health Commissioner

The **PEOPLE Pillar** focuses on being a great place for our caring, friendly, and knowledgeable staff and Board of Health to work and provide excellent services to our residents. To achieve this, we combine the passions of our empowered and engaged staff with evidence-based leadership principles to create a quality and enriching work environment.

Our 2014 Goals:

1. Maintain % of staff completing our annual Employee Satisfaction Survey at $\geq 90\%$.
2. Increase % of staff strongly agreeing with the statement "I would recommend employment at this Health Department to others" from 36% in 2013 to 45% in 2014.
3. Reduce voluntary staff turnover from 22% in 2013 to 15% in 2014.

Our 2014 Strategies:

- Continue weekly Commissioner e-newsletters, monthly divisional staff meetings and Board of Health meeting notes, quarterly employee forums, and on-going communication board.
- Continue employee service recognition pins and luncheon.
- Refine performance evaluation process.
- Implement personal development and/or performance improvement plans with all staff.

Our 2014 Accomplishments:

1. 94% of staff completed our Employee Satisfaction Survey.
2. 38.5% of staff strongly agreed they would recommended employment at Henry County Health Department to others, up from 36% in 2013.
3. Voluntary staff turnover decreased from 22% in 2013 to 20% in 2014.
4. We recognized seven staff for reaching service milestones totaling over 65 years of public health service to the residents of Henry County!

Top 3 Reasons Why Henry County Health Department is a Great Place to Work

SERVICE

To
consistently
provide
exceptional
service

The **SERVICE Pillar** focuses on providing our community with excellent customer service. We pride ourselves in ensuring all clients have a positive experience with Henry County Health Department, our staff, and the Board of Health. We encourage clients to give us feedback on our performance, which we use to improve our programs and services.

Our 2014 Goals:

1. Increase % of clients strongly agreeing they were treated with courtesy and respect from 88% in 2013 to 95% in 2014.
2. Complete client follow-up within 7 days with 90% of clients requesting post-survey call or email.

Our 2014 Strategies:

- ☑ Continue Client Experience Surveys in English and Spanish and expand implementation with clients of all services and programs.
- ☑ Continue Home Health Consumer Assessment of Healthcare Providers and Systems Survey (HH-CAHPS).
- ☑ Implement Five Fundamentals of Service (AIDET).

Our 2014 Accomplishments:

1. 91% of Health Department clients strongly agreed they were treated with courtesy and respect, an increase of 3% from 2013.
2. 100% of clients who requested a post-survey call or email were contacted within 7 days.
3. 55 staff were recognized by name for providing excellent service through our Client Experience Survey.
4. Over 99% of clients who completed the survey said they would seek services from the Health Department again and 98% would recommend Health Department services to others.
5. All staff received the Five Fundamentals of Service (AIDET) training through employee forums in 2014.
6. A Quality Improvement team worked to increase the level of courtesy and respect provided to clients. Vital Statistics staff began using the Five Fundamentals of Service and key words at key times to ensure excellent customer service is consistently provided to all clients.

“I was impressed with the services and all the information given to me. They went above and beyond to provide the information I needed for my mission trip.”

The **QUALITY Pillar** focuses on how we provide public health services to those living and working in Henry County. We seek to provide the right services at the right time and in the most effective and efficient manner to achieve better health outcomes for our county. We want to make sure all local residents are receiving the personal health services they need, regardless of income or insurance status.

Our 2014 Goals:

1. Achieve $\geq 10\%$ of clients of all Health Department services/programs completing a Client Experience Survey.
2. Achieve $\geq 90\%$ of Health Department clients reporting the quality of services as “Excellent”.

Our 2014 Strategies:

- ☑ Continue On-going Client Experience Surveys in English and Spanish and expand implementation with clients of all services and programs.
- ☑ Implement Health Department Quality Improvement (QI) plan.
- ☑ Implement Ohio Public Health Quality Indicators.
- ☑ Initiate quality improvements projects addressing areas where 2013 performance or Quality Indicators did not meet goals.
- ☑ Implement the use of key words at key times.

Our 2014 Accomplishments:

1. 16% of all Health Department clients completed a Client Experience Survey in 2014.
2. 91% of clients strongly agreed the quality of the services they received was “Excellent”, an increase of 3% from 2013.
3. Through the implementation of the Quality Improvement Plan, a Quality Council was established to oversee all quality improvement projects.

“The staff went above and beyond the provided service of a yearly flu shot. They took the time to contact the insurance company about our issue. Can’t thank them enough for going above and beyond. It is much appreciated.”
