

# COMMUNITY HEALTH IMPROVEMENT PLAN 2020

The Community Health Improvement Plan (CHIP) is a tool to strengthen local efforts to improve health, well-being, and economic vitality in Henry County. The CHIPs main components are:

- Four priorities
- Measurable objectives
- Evidence-informed strategies
- An evaluation plan to track and report progress

With the long-term goal of ensuring all Henry County residents achieve their full health potential, the CHIP takes a comprehensive approach to achieving equity and addressing the many factors that shape our health.

## *Henry County Health Partners 2020-2022 Community Health Priorities*

Economic  
Stability

Mental  
Health

Healthcare  
Access

Substance  
Misuse

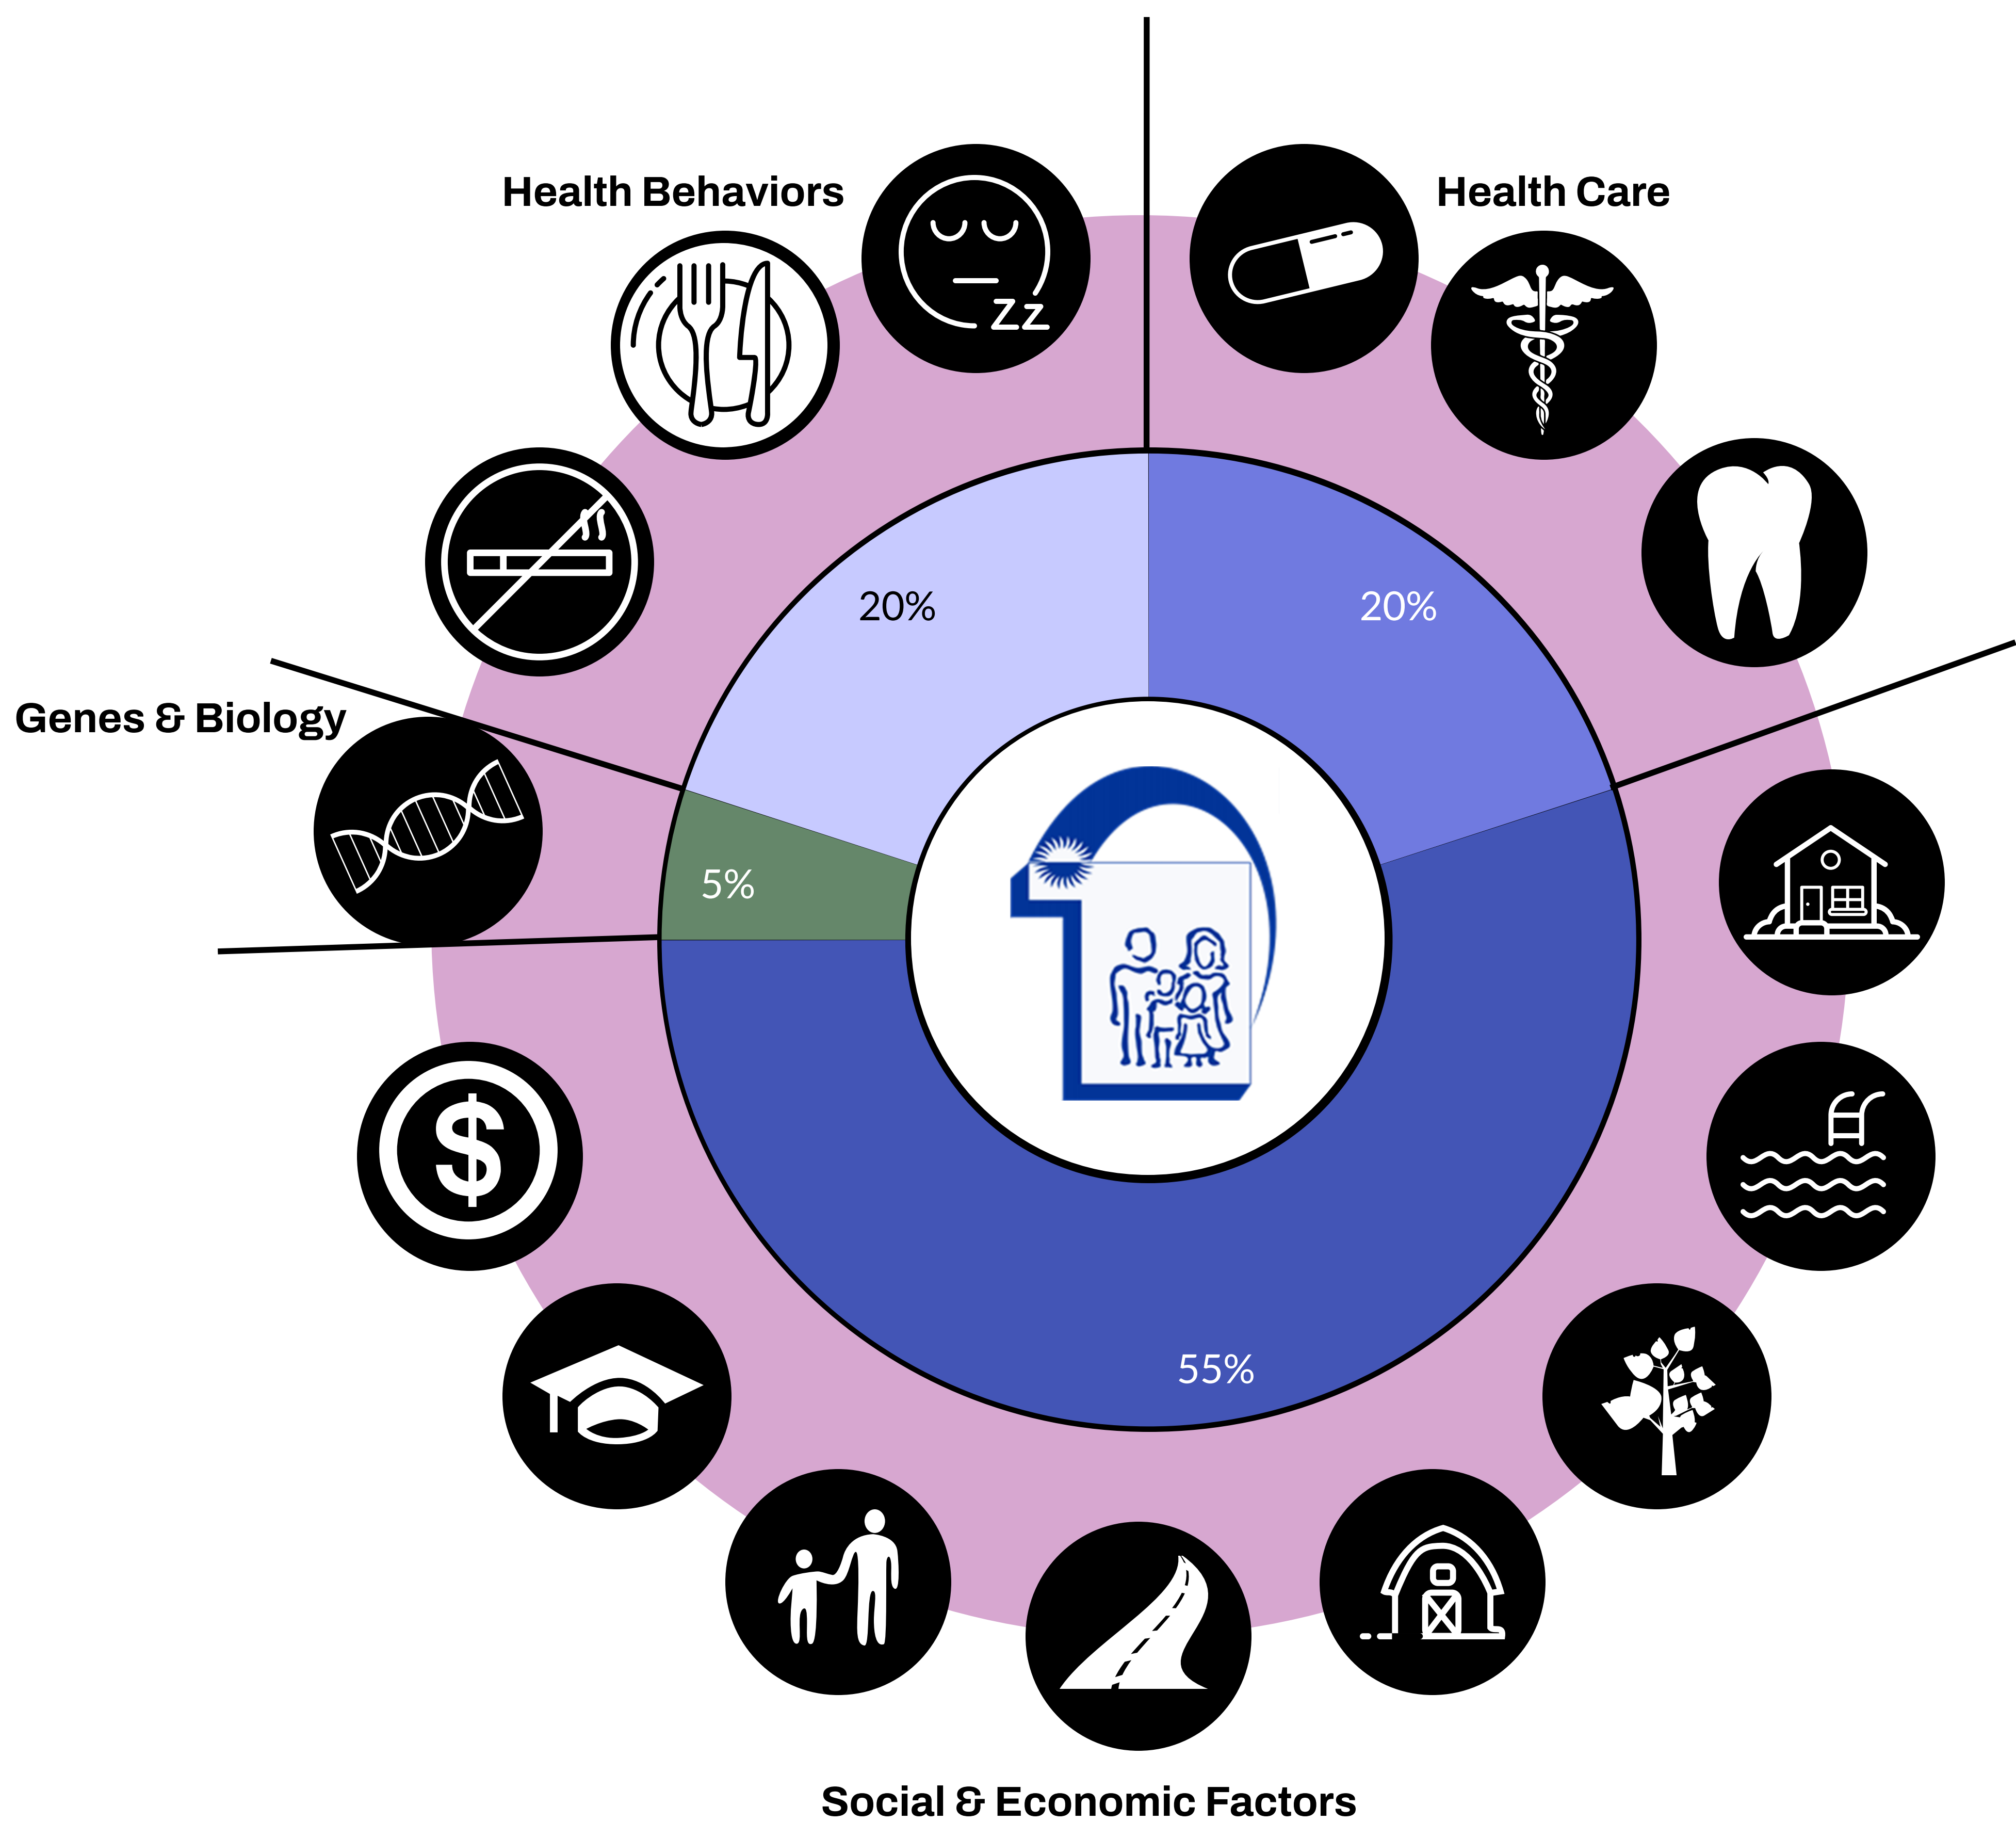

Sharon Meece, Director of  
Community Health Services

**“ Our goal is to improve  
health for all in Henry  
County.**

# SOCIAL DETERMINANTS OF HEALTH

Conditions in the places where people live, learn, work, and play that affect a wide range of health and quality-of-life risks and outcomes.

# CHIP Framework

## Equity

Health equity means that everyone has a fair and just opportunity to be healthy. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care.

## Priorities

The CHIP identifies three priority factors and one priority health outcome that affect the overall health and well-being of children, families, and adults of all ages. These priorities were chosen by the Henry County Health Partners, based on data reflecting Henry County, Ohio's residents' lived experiences.

## What shapes our health and well-being?

### Economic Stability

- Poverty
- ALICE Households
- Unemployment
- Household Income
- Job Instability

### Substance Misuse

- Drug overdose deaths
- Drug overdoses
- Drug charges
- Successful Recovery

### Access to Care

- Health Insurance
- Non-emergent ED Visits
- Preventive Care Utilization

## How will we know if health is improving in Henry County?

### Mental Health

- Depression
- Suicides

### All Henry County residents achieve their full health potential

- Improved health status
- Reduced premature death

## Strategies

Effective policies and programs to improve Henry County's performance on the chosen priorities.

# CHIP PLAN

2020-2022

Henry County Community Health Improvement Plan has 4 priority areas to improve health: 1) Access to care, 2) Economic Stability, 3) Mental Health and 4) Substance Misuse. Each Priority has a coalition comprised of social service, health professionals, education, private industry, residents, and other community representation. Each group reviewed local, state, and national data to collectively determine an objective. Utilizing local data to determine levels of success, targets were set in 3, 6, and 9 year increments. Strategies to achieve success were chosen by reviewing community resources and looking at evidence-based program highlighted in Ohio Department of Health's State Health Improvement Plan. Each priority has its own plan outlined in the following pages.

## Four Priorities-One Goal

1. Access to Care
2. Economic Stability
3. Mental Health
4. Substance Misuse

**Improve  
Health in  
Henry County**

# Access to Healthcare

## What shapes our health and well-being?

Health insurance improves access to care, limits out-of-pocket spending on healthcare services and makes healthcare costs more predictable. People with health insurance are less likely to delay or forgo needed care, seek care in emergency departments and experience financial hardship from medical debt. Expanding access to health insurance coverage reduces disparities in access to care, a critical factor for achieving health equity for all Henry County residents.

**Objective:** Increase the number of Henry County residents getting preventative care by providing equitable health care services people use and understand by 2028.

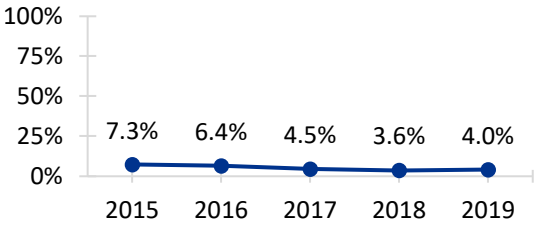

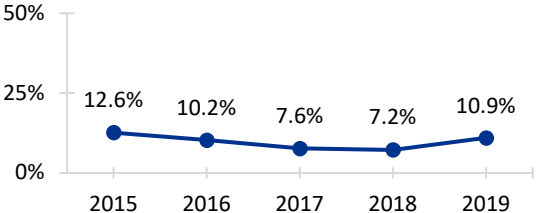

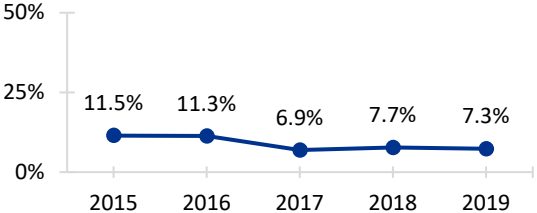

\*Designates Indicators linked to Ohio State Health Improvement Plan

Desired Outcome	Indicator (source)	Trend	Baseline1 (2018 & 2019)	Short-term Target (2022)	Intermediate Target (2025)	Long-term Target (2028)
Reduce the percentage of uninsured adults in Henry County to 4.0% by 2028.	<b>Uninsured adults.</b> *Percent of adults, ages 19-64, who are uninsured (ACS 5-yr est.)	<b>Uninsured Adults Under the Age of 64</b> 	<b>6.0%</b> (n = 926)	5.5	5.5	4.0
	<b>HC priority populations</b>

## Health Partners

This section outlines the individuals and organizations that have participated in the working groups and/or accepted responsibility for implementing strategies.

Kristi Barnd	Henry County Hospital
Sheana Behringer	NOCAC
Phil Brock	NOCAC
Pamela Bunch	Paramount Advantage
Kristen Campos	HC Job and Family Services
Susan Davis	HCHD
Lee Ann Druhot	Henry County Hospital
Joy Ermie	Commissioner Henry County Health Department
Tracy Gerken	Henry County Hospital – Social Worker
Jennifer Hernandez	HCHD
Jan Hoffer	Henry County Hospital - Discharge Nurse
Jill Keller	HCHD
Tiffany Kennerk	Henry County Hospital
Sharon Meece	HCHD
Bev Palmer	A Renewed Mind – Program Manager
Krista Payne	HCHD
Cathy Price	Filling Home
Angel Robinson	Henry County Hospital
Jessica Schultz	Mercy Health
Allyson Smith	HCHD
Victoria Taylor	Community Health Services
Linda Thiel	Community Health Services Federally Qualified Health Center

## Community Resources

Below is a list of existing community resources for addressing access to care. The working group will continue to research and add new resources to this list during the implementation process.

Program/ Strategy/ Service	Responsible Agency	Population(s) Served
Transportation Network	Henry County Transportation Network	All
Hospital	Henry County Hospital	All
Medical care	Napoleon Clinic Henry County Family Medicine Henry County Family Medical Care Promedica Physicians	All
FQHC	Community Health Services	All-sliding fee scale
Henry County Cares	Henry County Health Department	Medicaid
Immunizations	Henry County Health Department	All
Children with Medical Handicaps	Henry County Health Department	Families with Children who have medical handicaps
Help Me Grow	Henry County Health Department	WIC families, prenatal to 3 years of age

## Ohio State Health Improvement Plan (SHIP) Strategies

The following is an outline of the strategies from the Ohio State Health Improvement Plan related to this priority area.

<b>HEALTH INSURANCE COVERAGE</b>	
ODH Recommended Strategies	Includes
Insurance enrollment assistance for adults and children	<ul style="list-style-type: none"> <li>Utilize existing resources such as Community Health Workers (CHWs) to raise awareness of health insurance enrollment assistance</li> </ul>
<b>LOCAL ACCESS TO PROVIDERS</b>	
ODH Featured Strategies	Includes
Culturally competent workforce in underserved communities	<ul style="list-style-type: none"> <li>Community health workers</li> </ul>
<b>Additional strategies</b>	
Healthcare workforce professional development	<ul style="list-style-type: none"> <li>Health career recruitment for minority students and other underrepresented or disadvantaged students (for example, Career Academies)</li> </ul>
Other access supports	<ul style="list-style-type: none"> <li>Health literacy interventions</li> </ul>
Culturally competent workforce in underserved communities	<ul style="list-style-type: none"> <li>Certified community health workers</li> <li>Support and expand the role of peer support specialists</li> </ul>

## Strategies

Items in blue text designate strategies and/or action steps that address health inequities.

\*Designates strategies linked to Ohio State Health Improvement Plan

<b>Community Health Priority: Access to Healthcare</b> <b>Objective:</b> Increase the number of Henry County residents getting preventative care by providing equitable health care services people use and understand by 2028.			
<b>Measure(s):</b> Uninsured Population, Non-emergent ED Visits, Preventive Care Utilization			
<i>Henry County Improvement Strategies</i> (What We Want to Do)	<i>Henry County Action Steps</i> (How We're Going to Do It)	<i>Local Partners</i> (Who Needs to Work Together on This)	<i>Completion date</i> (when will work be accomplished)
A. Increase culturally competent healthcare workforce across the county including in underserved communities*	1. Identify Community Health Workers (CHW)/patient navigators/patient advocates in Henry County 2. Create a robust CHW network for information sharing, networking, and support with the ultimate goal of improving healthcare services in HC. 3. Develop culturally/linguistically effective tools and processes to assist HC resident to access healthcare. 4. Determine the social determinants and subsequent barriers to accessing care.	Susan Davis, HCHD Christine McVay, A Renewed Mind Bev Palmer, A Renewed Mind Jen Leonard, CHS Victoria Taylor, NP CHS Kristen Campos, JFS Jan Huffer, Discharge Nurse HCH Tracy Gerken, Social Worker, HCH	12.31.21

<p>B. <a href="#">Develop healthcare workforce</a> *</p>	<p>5. Create policies within the local health care system to utilize CHW services to increase health equity.</p> <p><a href="#">1. Identify ways to recruit minority students and other underrepresented or disadvantaged populations to the local healthcare workforce.</a></p> <p>2. Develop educational/career awareness for entry into health care fields for local students.</p>	<p>Joy Ermie, HC HCHD          Allyson Smith, DON HCHD          Kristi Barnd, CEO HCH          Linda Thiel, CHS          Cathy Price, Filling Home</p>	<p>12.31.22</p>
--	---	--	-----------------

# Economic Stability

## What shapes our health and well-being?

Economic instability negatively impacts health through neighborhood conditions, access to health care and opportunities to engage in health behaviors. Increased stability allows greater access to high-quality education, nutritious food, safe housing, and health insurance coverage. Individuals without stability are also more likely to experience toxic and persistent stress, which can negatively affect health.

## Objectives

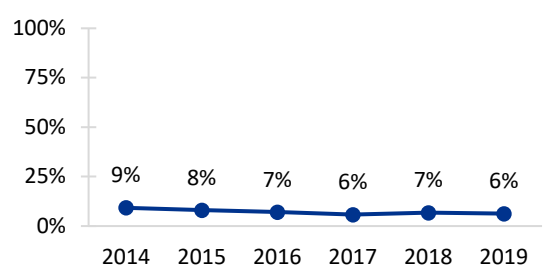

**Improve the economic stability of Henry County by creating a stable workforce through access to equitable jobs with opportunities for advancement, available daycare for all shifts, and affordable housing by 2028.**

## Health Partners

This section outlines the individuals and organizations that have participated in the working groups and/or accepted responsibility for implementing strategies.

Jennifer Arps	Economic Development Coordinator
Carolyn Badenhop	OSU Extension Office
Dan Breitbart	HCHD
Kelli Burkhardt	Together We Can Make A Difference
Jim Drewes	Director of Workforce Development, Northwest State Community College
Andy and Nicole Elling	Dairy Queen - Owners
Karen Engler	HCHD
Joy Ermie	HCHD
Jennifer Hernandez	HCHD
Bob Hastedt	Henry County Commissioner
Barb Hoffman	Pillars of Success
Shannon Jones	Director of Job and Family Services
Jill Keller	HCHD
Tom Mack	United Way of Henry County
Sharon Meece	HCHD
Joel Miller	Director of HC Chamber of Commerce
Krista Payne	HCHD
Janie Shearer	Pastor Emanuel Lutheran Church
Jamison Smith	Resident
Cathy Zwyer	HCHD

## Community Resources

Below is a list of existing community resources for addressing economic stability. The working group will continue to research and add new resources to this list during the implementation process.

Program/ Strategy/ Service	Responsible Agency	Population(s) Served
Housing	Pillars of Success	Homeless
Toiletries	Together We Make a Difference	Poverty/ALICE
Food Pantries	Various church and community groups	Poverty Alice
Government assistance	Job and Family Services	Unemployed/Poverty/Alice
Resource line	United Way	Poverty/Alice
Henry County Cares	Henry County Health Department	Medicaid/Poverty
Help Me Grow	Henry County Health Department	At Risk Parents for school readiness birth to age 3
Financial assistance	Various churches, St Vincent's de Paul	Those in need with rent, utility and other temporary financial needs
WIC--nutrition	Fulton County Health Department	Mother and babies
Emergency services, utility, housing, home repair, nutrition	Northwestern Ohio Community Action Commission, Inc. (NOCAC)	Poverty and low income

## Ohio State Health Improvement Plan (SHIP) Strategies

The following is an outline of the strategies from the Ohio State Health Improvement Plan related to this priority area.

ODH Recommended Strategies	Includes
Adult employment programs	<ul style="list-style-type: none"> <li>• Post-secondary career-technical education (adult vocational training)</li> <li>• Transitional jobs</li> </ul>
<b>Additional strategies</b>	
<b>Child and youth-focused programs</b>	
<b>Early childhood education programs</b>	<ul style="list-style-type: none"> <li>• Publicly funded pre-kindergarten programs</li> </ul>
<b>Early childhood home visiting</b>	Some home visiting programs have been evaluated to assess impact on family economic security. <ul style="list-style-type: none"> <li>• Early childhood home visiting programs (Help Me Grow)</li> <li>• Nurse-Family Partnership (NFP)</li> </ul>
<b>Career training for high school students</b>	<ul style="list-style-type: none"> <li>• Career and technical education for high school graduation</li> <li>• Career Academies</li> <li>• Summer youth employment programs</li> </ul>
<b>Childcare</b>	<ul style="list-style-type: none"> <li>• Increase publicly funded childcare eligibility to 150% of the Federal Poverty Level</li> <li>• Childcare subsidies</li> </ul>
<b>Adult training and employment programs</b>	
<b>Sector-based workforce initiatives</b>	Sector-based workforce initiatives such as ApprenticeshipOhio program through OhioMeansJobs
<b>Financial literacy and wealth building initiatives</b>	Matched dollar incentives for saving tax refunds
<b>Affordable Housing</b>	
<b>Housing voucher program</b>	Expand affordable housing program for the lowest income renters including the housing choice voucher program (section 8).

### Strategies

Items in blue text designate strategies and/or action steps that address health inequities.

\*Designates strategies linked to Ohio State Health Improvement Plan.

<p><b>Community Health Priority: Economic Stability</b></p> <p><b>Objective: Improve the economic stability of Henry County by creating a stable workforce through access to equitable jobs with opportunities for advancement, available daycare for all shifts, and affordable housing by 2028.</b></p> <p><b>Measure(s): Poverty, ALICE, Unemployment, Income, Turnover/Retention, Advancement</b></p>		
<i>Henry County Improvement Strategies</i> (What We Want to Do)	<i>Henry County Action Steps</i> (How We're Going to Do It)	<i>Local Partners</i> (Who Needs to Work Together on This)
A. Develop sector-based workforce initiatives*	<ol style="list-style-type: none"> <li>1. Increase access for employee education to increase employment and increase advancement for those in priority populations.</li> <li>2. Identify local employer challenges with hiring and retention.</li> <li>3. Identify workplace system changes to alleviate inequities by addressing social needs.</li> </ol>	<p>Jim Drewes, Northwest State</p> <p>Jennifer Arps, CIC</p> <p>Jennifer Arps, CIC HCHD</p>
B. Improve and expand childcare*	<ol style="list-style-type: none"> <li>1. Increase capacity of childcare services.</li> <li>2. Improve affordability and access to childcare.</li> <li>3. Expand childcare access to 2<sup>nd</sup> and 3<sup>rd</sup> shift workers.</li> <li>4. Identifying infrastructure needs of current childcare centers.</li> </ol>	<p>Jen Hernandez, Support Services</p> <p>Barb Hoffman, Pillars</p> <p>Bob Hastedt, HC Commissioner</p>
C. Increase affordable housing*	<ol style="list-style-type: none"> <li>1. Increase the availability of affordable/subsidized housing through system and policy change</li> </ol>	<p>Barb Hoffman Pillars</p> <p>Bob Hasted, HC Commissioner</p>

# Mental Health

How will we know mental health and well-being is improving in Henry County?

Unmet need for mental health care (under Access to Care in the SHIP)

There will be fewer days of sadness and hopelessness reported among youth and adults.

There will be fewer contemplations of suicide among youth and adults and there will be fewer suicides among youth and adults.

## Objectives

**1. Reduce Henry County youth and adults with depression by 2028.**

**2. Reduce Henry County youth and adults contemplating, attempting, and completing suicide by 2028.**

\*Designates Indicators linked to Ohio State Health Improvement Plan

UNMET NEED FOR MENTAL HEALTH CARE						
Desired Outcome	Indicator (source)	Trend	Baseline	Short-term Target (2020-22)	Intermediate Target (2023-25)	Long-term Target (2026-28)
	<b>Youth depression treatment unmet need.</b>	ADAMhs Board is providing data	<b>N.A.</b>			
	Ohio (Percent of youth, ages 12-17, with major depressive episode who did not receive any mental health treatment within the past year (MHA analysis of NSDUH))		52% (2014-16)	49.0%	47.7%	46.4%
	Ohio (Percent of youth, grades 7-12, depressed as measured by the PHQ who did not receive any mental health treatment within the past year (OHYES))		61% (2018-19)			
	United States		N.A.			

Desired Outcome	Indicator (source)	Trend	Baseline	Short-term Target (2020-22)	Intermediate Target (2023-25)	Long-term Target (2026-28)
	<b>Adult mental health care unmet need.</b> Percent of adults, ages 18 and older, with mental illness in past year who reported perceived need for treatment/counseling that was not received (MHA analysis of NSDUH)	ADAMhs Board is providing data	<b>N.A.</b>			
	Ohio - Adult Unmet Need		8% (2018-19)			
	Ohio - Mild M.I.		68% (2018-19)			
	Ohio - Moderate M.I.		53% (2018-19)

## Ohio State Health Improvement Plan (SHIP) Strategies

The following is an outline of the strategies from the Ohio State Health Improvement Plan related to this priority area.

<b>UNMET NEED for MENTAL HEALTH CARE</b>	
<b>ODH Featured Strategies</b>	<b>Includes</b>
Telehealth for mental health	<ul style="list-style-type: none"> <li>• Tele-mental health services</li> </ul>
<b>Additional strategies</b>	<b>Includes</b>
Digital access to treatment services and crisis response	<ul style="list-style-type: none"> <li>• mHealth App for mental health</li> <li>• Crisis lines (for example, text “4hope”)</li> </ul>
<b>DEPRESSION</b>	
<b>ODH Featured Strategies</b>	<b>Includes</b>
<b>School-based</b>	
Social and emotional instruction	<p>School-based social and emotional instruction, including comprehensive implementation of Ohio’s Social and Emotional Learning Standards</p> <p>For specific guidance on programs see:</p> <ul style="list-style-type: none"> <li>• Ohio Department of Education’s Evidence-Based Clearinghouse</li> <li>• Collaborative for Academic, Social, and Emotional Learning (CASEL0 Guide to effective social and emotional learning programs)</li> </ul>
<b>Healthcare system</b>	
Digital access to treatment services and crisis response	<ul style="list-style-type: none"> <li>• Crisis lines (for example, text “4hope”)</li> <li>• Health services delivered through telephone or digital conference</li> </ul>
<b>Community-based</b>	
Physical activity programs	<ul style="list-style-type: none"> <li>• Activity programs for older adults</li> <li>• Community-based social support for physical activity</li> </ul>
Parenting programs	<ul style="list-style-type: none"> <li>• Group-based parenting programs</li> <li>• For some specific guidance on programs: The California Evidence-Based Clearinghouse for Child Welfare</li> </ul>

Additional strategies	Includes
Community based	
Mental health education	<ul style="list-style-type: none"> <li>• Mental health first aid courses for community members, school staff, first responders and others</li> <li>• Motivational interviewing training for those who may be trusted resources for people with mental health challenges, such as clinicians, providers, case managers, and community workers</li> </ul>
Depression programs for older adults	<ul style="list-style-type: none"> <li>• Programs to Encourage Active, Rewarding Lives (PEARLS)</li> <li>• Healthy IDEAS</li> </ul>
Green spaces and parks	Increase, renovate or expand green spaces and parks

SUICIDE	
ODH Featured Strategies	Includes
Suicide awareness, prevention, and peer norm programs	<ul style="list-style-type: none"> <li>• Universal school-based suicide awareness and education programs (included in Preventing Suicide: A technical package of policy, programs, and practices)</li> <li>• Youth peer mentoring (for example Sources of Strength, included in Preventing Suicide: A technical package of policy, programs, and practices)</li> </ul> <p>For more specific guidance on programs see:</p> <ul style="list-style-type: none"> <li>• SAMHSA’s Preventing Suicide: A Toolkit for High Schools</li> </ul>
Limits on access to lethal means	<ul style="list-style-type: none"> <li>• Child firearm access prevention</li> </ul>

Additional strategies	Includes
Healthcare system	
Coordinated care for behavioral health	Integration of behavioral health services into primary care
Digital access to treatment services and crisis supports	<ul style="list-style-type: none"> <li>• Crisis lines (for example, the National Suicide Prevention Hotline Lifeline at 10800-273-TALK (8255) or text “4hope”)</li> <li>• Tele mental health services</li> </ul>
Community based	
Mental health education	<ul style="list-style-type: none"> <li>• Mental health first aid courses for community members, school staff, first responders and others</li> <li>• Motivational interviewing training for those who may be trusted resources for people with mental health challenges, such as clinicians, providers, case managers, and community workers</li> </ul>
Surveillance and data collection	Suicide Death Review Teams and other approaches to gathering data after a suicide has occurred

## Strategies

Items in blue text designate strategies and/or action steps that address health inequities.

<p><b>Community Health Priority:</b> Mental Health</p> <p><b>Objective:</b> 1. Reduce Henry County youth and adults with depression by 2028. 2. Reduce Henry County youth and adults contemplating, attempting, and completing suicide by 2028.</p>		
<p><b>Measure(s):</b> Unmet need for mental health care for youth and adults; depression among youth and adults; contemplating and attempting suicide among youth and adults, number completing suicide among Henry County residents</p>		
<p><i>Henry County Improvement Strategies</i> (What We Want to Do)</p>	<p><i>Henry County Action Steps</i> (How We're Going to Do It)</p>	<p><i>Local Partners</i> (Who Needs to Work Together on This)</p>
<p>A. Increase community awareness of mental health, depression, and suicide in Henry County.</p>	<ol style="list-style-type: none"> <li>1. Complete readiness assessment of suicide and depression within the county.</li> <li>2. Presentations to businesses, community groups and media with results and opportunities for action (Readiness Assessment, CHA data and health briefs).</li> <li>3. Community Event to inform Readiness Assessment, CHA data and health briefs.</li> <li>4. Next cycle of the Readiness Assessment and Action Plan.</li> </ol>	<p>Karen VonDeylen, Maumee Valley Guidance Bethany Shirkey, ADAMh's Board Tante Lovins, Henry County Health Department</p> <p>Maumee Valley Guidance, ADAMh's Board and Henry County Health Department</p>
<p>B. Increase community awareness of mental health resources</p>	<ol style="list-style-type: none"> <li>1. <a href="#">Create a resource guide to provide equitable access to the many mental health services available in Henry County.</a></li> </ol>	<p>Bethany Shirkey, ADAMh's Board</p>

# Substance Misuse

How will we know if Substance Misuse is improving in Henry County?

There will be fewer drug overdoses deaths, disparities in drug over death rate will be eliminated, and more will successfully complete recovery programs.

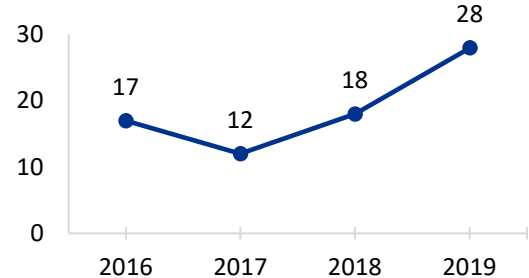

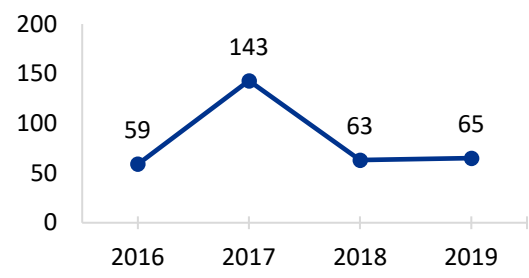

## Objectives

Reduce the number of unintentional drug overdose deaths by 2028.

\*Designates Indicators to Ohio State Health Improvement Plan.

Desired Outcome	Indicator (source)	Trend	Baseline (2018)	Short-term Target (2022)	Intermediate Target (2025)	Long-term Target (2028)
Reduce unintentional drug overdose deaths to 5 per 100,000 by 2028.	<b>Unintentional drug overdose deaths.*</b> Number of deaths due to unintentional drug overdose, per 100,000 population (ODH Vital Statistics)	<b>Henry County Trend in Unintentional Drug Overdose Deaths, 2015-2020</b> 	36.9/42.3	15	10	5
	<b>Priority populations</b>					
	Adults, ages 25-34		64.9			
	Adults, ages 35-44		154.2

## Health Partners

This section outlines the individuals and organizations that have participated in the working groups and/or accepted responsibility for implementing strategies.

Mary Beth Alberti	Arrowhead Behavioral Health
Jim Augustine	MAN Unit
Katie Baden	Henry County Family Court
Abbie Badenhop	Henry County Family Court
Sue Barnes	Resident
Scott Barnes	Resident
Brent Bischoff	Veterans Services
Michael Bodenbender	Henry County Sheriff
Scott Buddelmeyer	Chief -South Joint Ambulance District
Michael Cavanaugh	County Prosecutor Office
Chelsea Diedrich	Arrowhead Behavioral Health
Joy Ermie	HCHD
Joel Frey	Napoleon Fire Department, Asst. Chief
Erica Gomez	A Renewed Mind – Peer Support
Jeff Howell	A Renewed Mind - Clinical Director
Gwen Howe-Gabers	County Prosecutor
Jill Keller	HCHD
Lucas Koch	
Dave Mack	Napoleon Police Chief
Denise McColley	Judge, Family Court
Christine McVay	Renewed Mind
Sharon Meece	HCHD
Heidi Mekus	Napoleon Area School Counselor
Clayton O’Brien	Napoleon Fire Chief
Bev Palmer	A Renewed Mind - Program Manager
Krista Payne	HCHD
Ruth Peck	Recovery Services of NW Ohio
Nicole Shank	HCHD
Bethany Shirkey	Four County Adams Board
Bethany Wachter	HCHD
Jodi Waldron	Scarborough Pharmacy Deshler

Maggie Westrick	The RIDGE Project-Director
Shae William	Equitas Health
Benjamin Wulff	

## Community Resources

Below is a list of existing community resources for addressing substance misuse. The working group will continue to research and add new resources to this list during the implementation process.

Program/ Strategy/ Service	Responsible Agency	Population(s) Served
OMAHS Naloxone to 1 <sup>st</sup> Responders	Health Department	Henry County
Substance abuse and psychiatric treatment including inpatient and outpatient services	Arrowhead Behavioral Health	Northwest Ohio and Southeastern Michigan
Crisis Care Line 1800-468-4357	A Renewed Mind (ARM)	Northwest Ohio Region
A full continuum of care for both adult mental health and substance misuse disorders. Youth ages 6 and up	A Renewed Mind (ARM)	Northwest Ohio Region
General mental health agency with clinical therapeutic interventions and victim advocacy	Center for Child and Family Advocacy	Henry, Williams, Fulton and Defiance Counties
Care for the whole person: mind, body, spirit. Integrated model of care with multiple health care providers working together to address individual's health.	Health Partners of Northwest Ohio	Northwest Ohio
Mental Health agency providing assessments and treatment for youth and adults.	Maumee Valley Guidance	Henry, Williams, Fulton and Defiance Counties
Behavioral health service for adolescents and adults	Recovery Service of Northwest Ohio	Henry, Williams, Fulton and Defiance Counties
Deterra Bags	Henry County Health Department	ALL

Drug disposal	Henry County Sheriff, Napoleon Police	Henry County and City of Napoleon
---------------	---------------------------------------	-----------------------------------

### Ohio State Health Improvement Plan (SHIP) Strategies

The following is an outline of the strategies from the Ohio State Health Improvement Plan related to this priority area.

ODH Recommended Strategies	Includes
<b>Overdose prevention and reversal programs</b>	
Naloxone education and distribution programs	<ul style="list-style-type: none"> <li>• Become a Project DAWN community sites that can distribute naloxone</li> <li>• Use state funds (Community Innovation fund) to purchase naloxone for first responders</li> </ul>
<b>Addiction treatment access</b>	
Culturally competent workforce in underserved communities	<ul style="list-style-type: none"> <li>• Certified community health workers</li> <li>• Support and expand the role of peer support specialists</li> </ul>
Digital access to crisis supports	<ul style="list-style-type: none"> <li>• Crisis lines (for example, text “4hope” or 211)</li> </ul>
<b>Recovery supports</b>	
Recovery communities and peer support	Support recovery friendly communities including: <ul style="list-style-type: none"> <li>• Peer recovery organizations for recovery drug addicts</li> <li>• Alternative Peer Groups</li> </ul>

## Strategies

Items in blue text designate strategies and/or action steps that address health inequities.

\*Designates strategies linked to Ohio State Health Improvement Plan

<p><b>Community Health Priority:</b> Substance Misuse  <b>Objective:</b> Reduce the number of unintentional drug overdose deaths by 2028.</p>			
<p><b>Measure(s):</b> Unintentional Drug Overdose Deaths, Number of Drug Overdoses, Drug Charges, Recovery Program Graduates</p>			
<p><i>Henry County Improvement Strategies</i>            (What We Want to Do)</p>	<p><i>Henry County Action Steps</i>            (How We are Going to Do It)</p>	<p><i>Local Partners</i>            (Who Needs to Work Together on This)</p>	<p><i>Deadlines/Timelines</i>            (when we are going to do it by)</p>
<p>A. Establish Naloxone education and distribution plans. *</p>	<ol style="list-style-type: none"> <li>1. Establish Project DAWN in Henry County. *</li> <li>2. Identify individuals in community sectors who interact with persons who experience health inequities.</li> <li>3. Provide education and naloxone kits to any community member.</li> <li>4. Identify policy changes necessary to provide naloxone at health department, employer, and local business level to address health inequity.</li> </ol>	<p>Sharon Meece, HCHD            Bev Palmer, A Renewed Mind            Chief Clayton O’Brien, Fire Department            Chief David Mack, Napoleon Police            Sheriff Michel Bodenbender, Henry County            Nicole Shank, LPN HCHD</p>	<p>By 12.31.2021</p>

<p>B. Create Rapid Response Team/Support kits for loved ones</p>	<ol style="list-style-type: none"> <li>1. Create a support team to support overdose addicts and loved ones by personal contact and support.</li> <li>2. Create a resource a kit. The kit will include local addiction and social service resources and naloxone.</li> <li>3. Develop policies among first responders, law enforcement and hospital to utilize the response teams during overdose.</li> </ol>	<p>Chelsea Diedrich, Arrowhead Behavioral Chief Clayton O’Brien, Napoleon Fire Scott and Sue Barnes, Residents Bethany Shirkey, Adamhs’ Board Bev Palmer, A Renewed Mind Christine McVay, A Renewed Mind Officer Jim Augustine, Man Unit Christine McVay, A Renewed Mind Erica Gomez, A Renewed Mind Jeff Howell, A Renewed Mind Nicole Shank, HCHD Bethany Wachter, HCHD</p>	<p>12.31.2021</p>
<p>C. Provide Information and referral line</p>	<p>Obtain funding for a 24-hour Information &amp; Referral phone line (211) at the cost \$12,000 to provide a 1 call access to information for local services supporting equity in access to all services: physical health, mental health, food, housing transportation, crisis.</p>	<p>Joy Ermie, HC HCHD</p>	<p>12.31.2021</p>

# HENRY COUNTY HEALTH PARTNERS

*Bringing diverse organizations together to improve the health of all  
Henry County residents*

## ACCESS TO HEALTHCARE

**OBJECTIVE:** Increase the number of Henry County residents getting preventive care by providing equitable health care services people use and understand by 2028.

**STRATEGY:** Increase culturally competent healthcare workforce across the county including in underserved communities.

**2021 PROGRESS:** Organized group of community health workers (CHW) who identified need for additional CHW and changes to funding system. Recognized need to promote CHW services through local healthcare providers and community leaders. Hired Spanish speaking CHW.

**2022 PLANS:** Review funding system for rural CHW. Train local healthcare workers on CHW referral process. Train CHW's on managed care plans. Hold outreach events to educate residents on the importance of preventive care.

## ECONOMIC STABILITY

**OBJECTIVE:** Improve the economic stability of Henry County by creating a stable workforce through access to equitable jobs with opportunities for advancement, available daycare for all shifts, and affordable housing.

**STRATEGIES:** Develop sector-based workforce initiatives. Improve and expand childcare. Increase affordable housing.

**2021 PROGRESS:** Developed Employee Advocate program to support residents attain gainful employment. Evaluated local daycare availability and needs. Worked with local leaders to survey and assess current housing options.

**2022 PLANS:** Coordinate with local organizations to implement the workforce liaison position. Conduct resident survey to determine daycare needs. Look for opportunities and funding to expand low-income housing.

## MENTAL HEALTH

**OBJECTIVE:** Reduce Henry County youth and adults with depression, and reduce Henry County youth and adults contemplating, attempting, and completing suicide by 2028.

**STRATEGIES:** Increase awareness of mental health, suicide, and depression. Increase awareness of community mental health resources.

**2021 PROGRESS:** Completed readiness assessment of suicide and depression. Developed plans to expand #4YourMentalHealth program. Identified NOCAC Resource Guide as listing for all services.

**2022 PLANS:** Implement regional #4YourMentalHealth program. Build and share resource guide with community.

## SUBSTANCE MISUSE

**OBJECTIVE:** Reduce the number of unintentional drug overdose deaths by 2028.

**STRATEGIES:** Establish naloxone education and distribution plan. Create rapid response team. Provide information and referral line.

**2021 PROGRESS:** Launched Project DAWN - began distributing naloxone kits and training individuals on how to use them. Determined response teams needed.

**2022 PLANS:** Expand naloxone training, distribution, and education. Identify, screen, and train volunteers for response teams. Create response team resource kits. Identify referral line funding sources.

# Access to Healthcare Year End Report 2021

<p><b>Community Health Priority: Access to Healthcare</b></p> <p><b>Objective:</b> Increase the number of Henry County residents getting preventative care by providing equitable health care services people use and understand by 2028.</p> <p><b>Measure(s):</b> Uninsured Population, Non-emergent ED Visits, Preventive Care Utilization</p>																											
STRATEGY	PROGRESS REPORT	BETTER OFF (who and how many?)	2022 IMPROVEMENTS and PLANS																								
<p>A. Increase culturally competent healthcare workforce across the county including in underserved communities</p>	<ol style="list-style-type: none"> <li>Identified community health workers as a direct way to meet clients where they are in a culturally competent and equitable way.</li> <li>Formed a work group of community health workers in local health care to determine what they need.</li> <li>Workgroup reported that the need is really community health workers (CHW). Patient advocates and discharge nurses provide support to the client while in the hospital and upon release, but not effective in promotion of preventative care or in longer term support of basic needs.</li> <li>Funding is an issue as the CHW Pathways HUB is gravely insufficient to support rural CHW's.</li> <li>Identified the need to promote services provided by HCHD's Henry County Cares CHW program through healthcare (providers, 1<sup>st</sup> responders, Urgent Care) and community leaders (pastors, community health partners etc.).</li> <li>HCHD hired a Spanish speaking CHW for Henry County Cares</li> </ol>	<table border="1"> <thead> <tr> <th>Pathway</th> <th>7/1/21-9/30/21</th> <th>10/1/21-12/31/21</th> </tr> </thead> <tbody> <tr> <td>Medical Home</td> <td>0</td> <td>2</td> </tr> <tr> <td>Medical Referral</td> <td>0</td> <td>19</td> </tr> <tr> <td>Housing</td> <td>1</td> <td>5</td> </tr> <tr> <td>Health Insurance</td> <td>0</td> <td>1</td> </tr> <tr> <td>Employment</td> <td>1</td> <td>4</td> </tr> <tr> <td>Social Service</td> <td>7</td> <td>58</td> </tr> <tr> <td>Education (health related)</td> <td>11</td> <td>44</td> </tr> </tbody> </table>	Pathway	7/1/21-9/30/21	10/1/21-12/31/21	Medical Home	0	2	Medical Referral	0	19	Housing	1	5	Health Insurance	0	1	Employment	1	4	Social Service	7	58	Education (health related)	11	44	<ol style="list-style-type: none"> <li>Reach out to Hospital Council of Northwest Ohio to suggest review of funding for rural pathways.</li> <li>Provide a referral form for those in healthcare or leadership roles to refer residents to Henry County Cares.</li> <li>Hospital will train providers on Henry County Care CHW and referral form.</li> <li>Hospital will provide training videos on when to go to provider, urgent care, ER.</li> <li>Hospital will provide managed care/insurance benefit training to CHW's</li> <li>Plan outreach events to educate Henry County residents on preventative care.</li> </ol>
Pathway	7/1/21-9/30/21	10/1/21-12/31/21																									
Medical Home	0	2																									
Medical Referral	0	19																									
Housing	1	5																									
Health Insurance	0	1																									
Employment	1	4																									
Social Service	7	58																									
Education (health related)	11	44																									
<p>B. Develop healthcare workforce</p>	<p>Tabled until 2022</p>																										

**General Summary:** Access to Healthcare is about getting people health care. It has been determined Henry County has: a hospital, an urgent care facility, a federally qualified health center, physicians and other health care providers, and a high percentage of residents have health insurance. The tools are in place. Residents must now access the healthcare they deserve by getting the preventative care they are entitled by establishing a provider through access to preventative care they will have better access when an acute medical issue arises as they are an established patient. This is done through education, community health workers and community leadership. This group membership has grown 67% from 15 to 25 members.

# Economic Stability Year End Report 2021

**Community Health Priority: Economic Stability**

**Objective: Improve the economic stability of Henry County by creating a stable workforce through access to equitable jobs with opportunities for advancement, available daycare for all shifts, and affordable housing by 2028.**

Measure(s): Poverty, ALICE, Unemployment, Income, Turnover/Retention, Advancement

STRATEGIES	PROGRESS REPORT	Better Off (Who and how many)	2022 improvement and plans
A. Develop sector-based workforce initiatives*	<ol style="list-style-type: none"> <li>1. Proposed the Employee Advocate program to support residents to attain gainful employment.</li> <li>2. The program engages the resident by assessing and providing support in the following areas:               <ul style="list-style-type: none"> <li>• Basic needs: housing, daycare, transportation, medical needs.</li> <li>• Soft skills: resume, interviewing skills etc.</li> <li>• Job Coaching: transportation, managing stressors</li> </ul> </li> <li>3. The program is a partnership between HCHD’s Social Support Community Health Worker program and HCTN Job Coaching Program.</li> <li>4. The targeted populations are recent high school graduates and unemployed adults</li> <li>5. Established employer partnerships with Sauder’s and Dairy Queen to test the program.</li> </ol>	No one yet	<ol style="list-style-type: none"> <li>1. Coordinate with JFS and CIC with implementing workforce liaison position.</li> <li>2. Continue to work on this plan and secure funding.</li> <li>3. Build relationships with local employers to increase employment.</li> <li>4. Re-look at employment data as 2020 and 2021 data comes available and economy stabilizes from pandemic</li> </ol>
B. Improve and expand childcare*	<ol style="list-style-type: none"> <li>1. Researched local daycare availability and found daycare leadership lack of certified and uncertified workforce is the barrier to expanding. Costs are low and need is high.</li> <li>2. Determined daycares staffing was negatively affected by COVID 19 - first with loss of work due to shutdowns and then by loss of workers who went elsewhere and by isolation and quarantine as pandemic continues.</li> <li>3. YWCA Heather Dunzweiler shared resources available to daycares through YWCA. Suggested a study through survey to determine residents’ daycare needs and wants.</li> <li>4. Looking at infrastructure funding to expand daycare capacity.</li> </ol>	No one yet	<ol style="list-style-type: none"> <li>1. Will conduct resident survey to determine family needs.</li> </ol>

C. Increase affordable housing*	<ol style="list-style-type: none"> <li>1. Working with local leaders on housing options.</li> <li>2. Housing Brief written; the brief identified Henry County housing is among the oldest in the state and there is a shortage of low-income housing.</li> <li>3. Survey on homeless conducted.</li> <li>4. Learned from ODH leadership Laura Rooney, Roma Barickman, Mike Frazier about housing programs at the state level.</li> <li>5. Learned locally within 4 counties recovery housing being built.</li> </ol>	No one yet	<ol style="list-style-type: none"> <li>1. Will continue to look for opportunities to expand housing in Henry County, especially low-income housing.</li> </ol>
---------------------------------	--	------------	--

**General summary:** This group has succeeded at building relationships and studying data and programs to support strategy development for Henry County. The membership has increased 114% from 14 members in 2020 to 30 members in 2021. A group working on homelessness merged into this group and provides additional information and strategy. However, this group struggles with getting the right decision makers at the table. Strategically planning new membership could provide significant gains for the group. Additional barriers include funding, and stronger partnerships to build stronger programs.

# Mental Health Year End Report 2021

**Community Health Priority:** Mental Health

**Objective:** Reduce Henry County youth and adults with depression and reduce Henry County youth and adults contemplating, attempting, and completing suicide by 2028.

**Measure(s):** Unmet need, self-reporting of sadness or hopelessness, depression, attempting suicide, number of suicide deaths.

STRATEGIES	PROGRESS REPORT	BETTER OFF (who and how many?)	2022 IMPROVEMENTS and PLANS
<p>A. Increase community awareness of mental health, depression, and suicide in Henry County.</p>	<ol style="list-style-type: none"> <li>1. Maumee Valley Guidance completed readiness assessment of suicide and depression within the county.</li> <li>2. Result indicated Henry County is in Vague Awareness</li> <li>3. Determined the need to educate on the many mental health services and resources available in Henry County through community events.</li> <li>4. Strategies in place to work within existing program <i>For Your Mental Health</i> funded by the ADAMH's Board and in 4 northwest Ohio counties.</li> <li>5. Each county will set up a health fair type booth at 3 community events to educate through activities, pass out items and materials, and interact with residents on mental health and suicide.</li> </ol>	<p>Partners are better for having the completed study results to guide efforts.</p>	<ol style="list-style-type: none"> <li>1. Implement the planned strategy in conjunction with Fulton, Williams, and Defiance through #4YMH program.</li> <li>2. 3 events will be attended to educate public on mental health services.</li> </ol>
<p>B. Increase community awareness of mental health resources</p>	<ol style="list-style-type: none"> <li>1. Building a resource guide for all services through NOCAC</li> </ol>	<p>No one yet</p>	<ol style="list-style-type: none"> <li>1. When the resource guide is built, it will be promoted by distributing a paper copy to families through the schools and to other residents at specific locations.</li> <li>2. A URL link will be used to provide online access to all Henry Countians through posters and promotion.</li> </ol>

**General Summary:** Henry County is fortunate to have considerable behavioral health services. Through the workgroup it has been identified residents lack awareness of the services, programming, or how to access them. Educating to reducing the stigma of mental health issues and increase understanding of where and when to get help if needed is the focus of this initiative. Possible barriers include funding for event strategy, and lack of ownership of the resource guide. The group would also like to research the possibility of a suicide fatality review to more deeply understand community roles in reducing contemplation, attempts and completion. This group has grown by 67% since 2020 with 10 new members added to the roster for a total of 25.

# Substance Misuse Year End Report 2021

**Community Health Priority:** Substance Misuse

**Objective:** Reduce the number of unintentional drug overdose deaths by 2028.

**Measure(s):** Unintentional Drug Overdose Deaths, Number of Drug Overdoses, Drug Charges, Recovery Program Graduates

STRATEGIES	PROGRESS REPORT	Better Off (who and how many?)	2022 improvements and plans
<p>A. Establish Naloxone education and distribution plans. *</p>	<ol style="list-style-type: none"> <li>HCHD medical director signed protocol to distribute naloxone in Henry County.</li> <li>Henry County Health Department became a Project DAWN distribution site on September 14<sup>th</sup>, 2021, the only Northwest Ohio site. Project DAWN is an Ohio Department of Health program that provides naloxone to distribution sites for at no cost.</li> <li>HCHD received 36 kits and began distributing Naloxone to any individual who may be in the position to stop an overdose on November 18, 2021. A free kit and training is provided to each recipient. As of December 31, 2021, 19 kits had been distributed.</li> <li>A distribution process was written and 7 HCHD staff are trained to distribute naloxone. Three divisions have had training on the availability of naloxone at the health department.</li> <li>Northwest Signal ran a front-page article about Project Dawn on 12.21.21 in response to a BOH presentation and on 12.31.21 an article was written regarding the CHIP year end meeting focusing on reducing overdose deaths. A press release was sent to media and post were put on social media.</li> <li>Letters were sent to Henry County pharmacists and healthcare providers informing them on the availability naloxone kits at HCHD. Providers were provided with a “prescription pad” to prescribe a patient to get a kit.</li> </ol>	<p>Anyone in contact with opioids are at risk of overdose. Access to naloxone is indication all of Henry County is better off.</p> <p>Specifically,</p> <ul style="list-style-type: none"> <li>15 kits distributed at HCHD</li> <li>4 kits distributed to local businesses</li> <li>18 educated on naloxone 19 trained to administer</li> <li>Media campaign has been implemented</li> </ul>	<ol style="list-style-type: none"> <li>Provide training and kits to Henry County businesses, schools, community locations</li> <li>Continue to educate the community through social media and media releases</li> <li>Train the remaining HCHD divisions (2) in 1<sup>st</sup> quarter of 2022</li> <li>Continue to distribute naloxone kits</li> <li>Consider setting up additional distribution sites such as: community centers, first responders and other know partners</li> </ol>
<p>B. Create Rapid Response Team/Support kits for loved ones</p>	<ol style="list-style-type: none"> <li>Determined the need for 2 response teams 1) for non-fatal overdoses with peer support to encourage recovery and provide a naloxone kit and resources kit 2) fatal overdoses to provide comfort and grief support as well as a resource kit.</li> <li>Determined the items to be include included in each resource kit.</li> </ol>	<p>No one is yet better off.</p>	<ol style="list-style-type: none"> <li>Identify volunteers for the response team.</li> <li>Identify screening and training of response team volunteers.</li> <li>Procure donations and purchase items for the kits.</li> </ol>

	<ol style="list-style-type: none"> <li>3. Established the need for a support group for loved ones of fatal overdose. Coordinator established and location determined on 12.8.21</li> <li>4. Identified a clergy member to be a part of the support group team</li> <li>5. Create a resource a kit. The kit will include local addiction and social service resources and naloxone.</li> <li>6. Developed a process for law enforcement to contact the Rapid Response team to respond to an overdose, fatal or non-fatal.</li> <li>7. Determined how first responders, law enforcement and hospital to utilize the response teams during overdose.</li> <li>8. Developed process for non-fatal and fatal response teams in contact and providing support.</li> </ol>		<ol style="list-style-type: none"> <li>4. Identify training for support group coordinator.</li> </ol>
C. Provide Information and referral line	<ol style="list-style-type: none"> <li>1. Obtain funding for a 24-hour Information &amp; Referral phone line (211) at the cost \$12,000 to provide a 1 call access to information for local services supporting equity in access to all services: physical health, mental health, food, housing transportation, crisis.</li> </ol>	No one is yet better off	<ol style="list-style-type: none"> <li>1. Continue to look for funding for Information and referral line in 2022</li> </ol>
<p><b>General summary:</b> Substance Misuse has had the largest increase in membership of any of the workgroups. A 127% increase in membership moving from 15 members in 2020 to 34 members in 2021. Members including 1<sup>st</sup> responders, law enforcement, recovery services, hospital, judicial courts and residents are active and committed to significant change. The barriers the group faces are 1) implementation of the Quick Response teams. Identifying qualified, vetted volunteers to cover 24/7 shifts may prove difficult 2) Ownership for the sustainability of the QRT teams. The group is researching an additional strategy for 2022: Fatal review to understand opportunities for community change in a more effective way.</p>
